

INTERCOLLEGIATE BROADCASTING SYSTEM

March 31, 1942

Dear Sir:

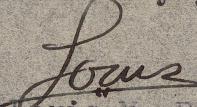

We have not received from you the questionnaire, sent out some time ago. This questionnaire requested information on your summer broadcasting schedule.

It is vital that we have this information for presentations on advertising contracts or renewals.

Will you therefore let us know, by April 2nd, (no later) whether your station plans to be on the air this summer. A complete schedule, showing any weeks which will be off, is desired.

Again, may we emphasize the importance of this schedule. We must have it by April 2nd.

Cordially yours,

Louis M. Bloch, Jr.
